JERRY HARRINGTON, our new Vice President, comes to us with a wealth of business experience including 24 years with GE's Major Appliance Business Group, 2 years as Plant Manager of another company where he achieved successful negotiations with a union which had previously had poor relations with management. How did he do it? He did it by listening to the workers and creating a cohesive and friendly environment. Jerry moved on to a Personnel Consulting firm where he rose to Senior Vice President before forming his own Personnel Consulting firm. Jerry has chaired a Christmas Dance for 3000 employees and a corporate tailgate party for 5000 employees plus co-chairing golf and softball tournaments. Jerry's stated objective as Parrothead Vice President is to work for "What is best for all the members".

TRIVIA

CONGRATULATIONS go to Carol Hagerty who knew that the song about the bear last month was "God's Own Drunk", written by Lord Richard Buckley. Jimmy had quit doing the song live due to legal issues, but he is now performing it again.

Now for a story: In 1994 Jimmy was in his Grumman G-44 seaplane taking off from Madaket Harbor, Nantucket, Mass. He noticed on his left there was a swell in the water. The plane veered to the right and the airplane nosed over. Jimmy was able to swim to safety with only minor injuries.

TRIVIA QUESTION: In what state did Jimmy wreck his seaplane? If you can figure this one out, email Steve Hopper at shopper126@gmail.com
